The other day I saw a letter in the mailbox with a name on it I'd never heard before. The name was Sue, she was from Louisiana. I knew it was her even before I opened it, the letter was in her handwriting. I felt really good when I opened it, and I had to tear up. Sue's letter was just what I needed to hear. I'd been thinking about her all day, and it was just amazing to get that letter. She was just getting by, doing whatever she could to take care of herself. I've had a big snit lately, I've been crying and complaining about stuff I have no control over. I'm not happy, I'm just having one of those days. I hate when it
